SUBJECT: Agenda Item 6C. Authorize Staff to Apply for the Rural Fire Capacity Grant (RFC) for the Funding of Cooperative Forestry Assistance Act of 1978 and Authorize the General Manager to Sign the Grant Agreement and any Related Documents

RECOMMENDED ACTION:

Staff recommends the following action:

I move to Authorize Staff to Apply for the Rural Fire Capacity Grant (RFC) for the Funding of Cooperative Forestry Assistance Act of 1978 and Authorize the General Manager to Sign the Grant Agreement and any Related Documents.

BACKGROUND:

The Rural Fire Capacity (RFC) Program is a Federally-funded grant program that allows California to provide local and rural fire departments with minor firefighting, training, communications and safety equipment for their firefighters. The RFC Program is not intended for major equipment (fire engines, vehicles, etc.) or Capital repairs. The RFC Program has a 50/50 match requirement which means that the applying department must be able to meet the intended grant award, dollar for dollar. Awards for departments are set at a minimum of \$500 with a maximum of \$20,000. Amounts may be adjusted based on the grant funding available. This grant is for twenty pairs of wildland tactical pants and two sets of structure turnouts. The total grant request is \$10,539.08.

G. Additional Information. 1. Briefly describe the area to be served: fire protection system, water system, equipment, facilities, staffing, hazards, etc. and purpose of proposed project. 2. How will the request(s) maintain or bring your organization into compliance with NFPA 1977? (Limited to space below)

Groveland CSD Fire provides all risk emergency services to the communities of Groveland, Big Oak Flat, Buck Meadows, and Moccasin. Groveland CSD Fire is a combination fire department, which has one staffed fire station located on Highway 120 in the town of Groveland, CA. It is 24 miles from the entrance to Yosemite, where 4,000,000 people visit per year. This proximity to Yosemite, makes Groveland CSD Fire a truly unique place to work. The call volume is generated by people from all over the world. To stay fiscally responsible, Groveland CSD Fire signed a schedule A contract with CAL FIRE in 2013. The budget for Groveland CSD Fire comes 100% from property taxes, and this has made it difficult to replace essential equipment. It has also made it challenging to stay NFPA compliant. We are requesting funding for twenty wildland tactical pants. These pants will be provided to our schedule A employees, and will allow us to be nfpa 1975 and nfpa 1977 compliant. We are also requesting funding for two structure turnout sets. Sadly, we do not have money in our budget to make essential upgrades like this. Assistance with purchasing these wildland tactical pants & structure turnouts, would alleviate the financial hardship that our district is currently facing.

In addition to the original request(s), Applicants may list alternative projects for excess or unused funds, which the State will review during the initial application process. The State will determine which of the Applicant's projects are eligible for funding if excess or unused funds become available. Upon advance written approval by the State, the applicant may use additional/excess funding up to the contract maximum amount to purchase State approved items in listed order of priority on their application.

Deviations from the original application are considered an amendment and require prior approval before the amended expenditures can be made.

The funds will be only for those projects accomplished and/or items purchased between Agreement Approval Date and June 30, 2022. The Recipient agrees to provide CAL FIRE with itemized documentation of the Agreement project expenditures and bill CAL FIRE as soon as the project is complete, but no later than September 1, 2022.

The Recipient gives CAL FIRE or any authorized representative access to examine all records, books, papers, or documents relating to the Agreement. The Recipient shall hold harmless CAL FIRE and its employees for any liability or injury suffered through the use of property or equipment acquired under this Agreement. The applicant certifies that to the best of the applicant's knowledge and belief, the data in this application is true.

I certify that the above and attached information is true and correct:
