

BOARD MEETING AGENDA SUBMITTAL

TO: GCSB Board of Directors

FROM: Peter Kampa, General Manager

DATE: November , 2018

SUBJECT: Agenda Item 6 B. Presentation of the District's Audited Financial Statements for FY 17/18 by Gilbert and Associates

RECOMMENDED ACTION

Motion to accept the FY 17/18 Audited Financial Statements

BACKGROUND

California law requires that the District hire a qualified independent auditing firm to perform an annual audit, or test review of our financial statements to ensure that they are prepared in accordance with Generally Accepted Accounting Principles and various government auditing standards. As the Board cannot possibly be heavily involved in, and fully understanding of the daily financial affairs of the District, the Board hires a Manager and authorizes other staff or consultant positions to handle the routine financial matters. The Board adopts policies to guide how budgets are developed, and how money is spent, accounted for and the results reported to the Board. The auditor, working with management and on behalf of the Board will also test portions of the financial transactions to determine compliance with current Board policy.

Bryant Jolley, CPA was engaged to conduct the audit for the 2017/18 fiscal year, and the final draft audit is attached for your review and acceptance. Gilbert and Associates is an independent financial firm hired by and representing the District to provide an additional level of independent review and internal quality control on the financial statements. A representative from Gilbert and Associates will be in attendance to discuss the audit and answer questions from the Board and public during this meeting.

One of the primary duties of the Board is their fiduciary responsibility with regard to District finances. The Board must establish policies and ensure that the procedures and practices of District management provide the highest level of protection of public funds, and that these funds are invested in appropriate activities and means to achieve the level of service desired by the community, through this Board. The only way for the Board to confirm that this is occurring is to receive accurate and timely financial reporting.

As stated in the audit report, the auditor is not engaged to find every potential flaw in our financial system, but is required to report publicly to the Board if there are material weaknesses or breaches in our financial systems where policy was not followed, or methods were discovered where a substantial risk of fraud, embezzlement or other

financial crimes could occur without immediate notice by management and/or the Board. The auditor will also make findings and recommendations for changes to our financial systems if they feel that material weaknesses could occur, or if there are actions that put the District at financial risk.

This audit again has no negative findings and staff should be commended for the excellent effort.
